Nestled between beer-loving Germany and wine-loving France, for centuries Belgium has produced some of the most interesting, complex, sophisticated, and delicious styles the beer world has to offer.

Brasserie Blonde pays homage to this grand tradition. We brew the Blonde with a unique blend of rich malts, sweet orange peel, spicy hops, and zesty coriander.

The result is a medium-bodied ale bursting with flavor. This is truly a beer-lover's champagne (or a champagne-lover's beer!). It is a dry, slightly tart ale subtly spiced with orange peel and coriander for a zesty taste with hints of sweet and tangy citrus.
